

Jr. Graphic Designer Position

Carte Blanche Creative is a small studio about to celebrate it's 5th Birthday! We are looking for a Jr. Graphic Designer to join our little family – could it be you? We hope so!

WHO are we looking for?

As a designer with us, you'll be expected to be part of the team. You'll have no reservations about diving in (bring your snorkel!) and being involved in all sorts of aspects of the business. From working directly with clients and managing your own projects and designing great work, you'll be busy making our clients smile. :) It takes a self-motivated individual with aspirations (and the drive) to grow in their position. If you're creative, detail-oriented and resourceful (designers solve problems!) and can design for both print & web, we'd love to hear from you.

WHAT experience/skills should you have?

- One year experience in the design industry preferred
- Web & print design experience essential, working both within set brand guidelines and designing new brand standards
- Must have a degree or diploma in Graphic Design
- Excellent interpersonal and communication skills, detailed, organized and good at taking direction
- Able to work independently and collaborate as part of a team
- An inspired portfolio with fine tuned typography skills and an ease when talking about your work
- Truly likes to design and it doesn't hurt if you also like to smile while doing it. ;)

WHERE are we and WHY would you think you have the best job in the world?

There is an overall young at heart and entrepreneurial spirit in our studio and we're all working for the same goal – to produce great designs for our international clientele. In a day with us you may be working on a web banner for a Parisian spa, a menu for a hotel restaurant in London, or salivating over images of cupcakes for a website in New York City. We work in a fast paced environment with a quick project turnaround. It all gives us a bit of an itch for travel, but we really like being in our homey loft space in downtown Toronto and genuinely love working together. We treat our clients (& employees!) like family.

HOW can you apply for the job?

Email us your cover letter, resume, portfolio (pdf or URL) and salary expectations. Please note that those who we are interested in meeting will receive a response. We're a small & busy team and although you may not receive a response, we really do appreciate your interest in this position! ;)

WHEN are we hiring?

As soon as we find the right candidate! Apply at **Jr. Graphic Designer Position**
